

Ornamental Peppers

Chillies & Capsicums

Why some Chillies are ornamental!

Bred purely as ornamental plants, plant will be more compact with lots of striking coloured bunches of fruit.

Flavour is ignored altogether.

1. Black Pearl

fruit turns from black to red

2. Karneval

fruit turns from green to either red or yellow or orange

3. Medusa

Fruit starts out ivory, turns to yellow, the orange and finally bright red
