

Why?

- Fresh, healthy produce grown in your own back yard
- Raised garden to save you bending and kneeling
- Big enough to sustain a valuable crop
- Small enough to fill a sunny corner
- Instanto!
- A great introduction to the joy of vegetable gardening

What is it?

- Our Magic Square Gardens are recycled fruit produce bins
- Roughly 1200mm square and about 700mm tall.

What do you get?

- A charmingly rustic fruit produce bin, many come complete with the odd mummified apple
- Weed mat lining. We staple this in place. Once the bin is full of soil it wont move anywhere
- A seasonal selection of vegetables and herbs from our nursery
- The USER'S MANUAL - 'One Magic Square' Grow your own food in one square metre by Lolo Houbein. No it wasn't written for us, but it could have been and it is a beautiful gardening/food book in it's own right

'Victoria's first EcoHort™ certified seedling nursery'

What are the Options?

Option One

The empty produce bin, lined with weed mat to keep the goodness in and prevent your vegies from drowning. Also a User's Manual 'One Magic Square' and seasonal selection of vegies & herbs.

Prices: (for Metro Melbourne & prices include gst)

Pick-up* (from our nursery in Keysborough) \$95

Pick-up* from your local Garden Centre - 1st bin \$130
for every additional bin \$95

* You will need a ute or a trailer to pick up

Delivered to your home - 1st bin \$160
for every additional bin \$95

Option Two

Ready to Go

The Ready to Go option is a fully prepared bin with Debco Organic Potting Mix, a seasonal selection of vegies & herbs, and we'll do the planting for you or we'll give you a professional planting lesson on the spot!

You also receive a User's Manual 'One Magic Square'.

Prices: (for Metro Melbourne & prices include gst)

Pick-up** (from our nursery in Keysborough) \$300

** You will need a ute or trailer to pick up and a forklift to unload.

Delivered to your home - 1st bin \$350
for every additional bin \$325

You want sprinkles on top?

Here are some of the optional extras:

- Sturdy castors (installed) so you can chase the sun \$100
- Drip watering system with manual timer (installed) \$100
Just snap connect your garden hose (complies with stage 3 restrictions)
- Plastic bin liner with diverting hose (keeps the patio clean) installed \$85
- WaterWand solar garden pump, waters every 3hrs, more when it's sunny and less when it's not. Big enough for a second bed. Use in tank, butt or reservoir \$135
- Weeping hose kit (2.5m with connectors) \$15
- In-bed WaterWand reservoir (430 litres) with tank fittings for a rainwater diverter or hose \$190
