

Capsicum

Black Pearl

An unusual capsicum with an upright habit and semi-glossy, dark purplish-black leaves. Abundant crops of shiny, black small fruit ripen to a spicy red in summer. Ideal for adding contrast and appeal to mixed containers, vegetable beds and ornamental borders. Plant in a hot, sunny site and irrigate during very dry periods.

*Full sun and requires moderate water
height to 35cm*

Capsicum

Snack Pepper

Snack Pepper is a mild, child- friendly pepper plant, it is not only decorative, but it also produces numerous crisp sweet fruits throughout the summer.

The more fruits you harvest, the more the plant actually produces.

Can be planted outdoors and indoors.

Capsicum

Basket of Fire

The first true hanging basket pepper! Spicy hot peppers add colour and character as they turn from cream to orange and maturing to red.

The small leaves don't hide the fruit which pop from under the foliage.

The basal branches of 'Basket of Fire' cascade as they develop while new growth continues to fill the top for a well rounded appearance.

'Basket of Fire' matures in 90 days.

Capsicum Karnevale

Karnevale is a vigorous variety, with medium size fruit at 4.5cm x 2cm. The size of the fruit and the keeping quality makes this a very popular ornamental chilli. Before fruit matures they turn green with a slightly black colouring.

Available colours: Yellow, Orange & Red.

*Grows in full sun and requires moderate water
height to 30cm with a spread up to 45cm*

Chilli Sangria

Here's a great ornamental capsicum for public planting both indoors and out producing 'child-safe'. non pungent fruit. An indeterminate variety, the plants always have capsicum of both purple and red for continuous, eye-catching displays. They are well-branched and somewhat spreading, the uniform, full-bodied plants making them ideal for filling in landscapes and containers.

Requires full sun, height 25-30cm, spread 40-45cm.
