**ALL SCOTSBURN TOMATOES LIKE FULL SUN**

**Apollo (improved)** ..... **FFK**  
**HYBRID VIGOUR**  
An early season tomato, producing high yields of round, tasty, medium to large fruit over a long period, makes Apollo Improved a popular hybrid variety for the home gardener.  
Indeterminate Requires staking  
Height 2m Plant 50cm apart

**Arkansas Traveller**..... **FFK**  
**HEIRLOOM**  
Developed in the southern US and ideal for hot weather production. This is a rose pink coloured Tomato with a balanced sweet/acid flavour. It is a real favourite amongst Heirloom Tomato lovers  
Indeterminate Requires staking  
Height 2.5m Plant 1m apart

**Black Russian**..... **FFK**  
**HEIRLOOM**  
An heirloom variety, that is a must for black tomato fans with its complex flavour, sweet and spicy with smoky undertones. Drying the fruit enhances the flavour. The fruit is large, round and smooth and almost mahogany in colour. Black Russian is an open, pollinated variety with good disease resistance, is early to mature and a heavy cropper.  
Indeterminate Requires staking  
Height 2m Space 50cm - 1m apart

**Burnley Surecrop** ..... **FFK**  
**AUSSIE TOM**  
A tall vigorous tomato that produces medium sized, round fruit. Disease resistant. Ideal to use in salads, hot dishes, soups, preserving and sauces.  
Indeterminate Requires staking  
Height 2.5m Plant 50cm apart

**Cherokee Purple**..... **FFK**  
**HEIRLOOM**  
The fruit is so dark, they call it 'black'. Big fruit with a big, complex and rich flavour. Reputed to have been a gift from Cherokee Indians in the USA in the late 1800's. Late maturing.  
Indeterminate Requires staking  
Height 2.5m Plant 50cm apart

**Cherry Mix** ..... **MVG**  
**HERITAGE**  
Colourful selection of plant varieties bearing red, orange and yellow cherry sized fruit. A tasty addition to salads, just the right size for canapes or a treat for children as a snack.  
Indeterminate Requires staking  
Height 2m Plant 50cm apart

**College Challenger**..... **FFK**  
**AUSSIE TOM**  
Released by Hawksbury Agricultural College in 1960. Improves Grosse Lisse with earlier fruiting on stronger and more vigorous plants. Large, round, red flavoursome fruit.  
Indeterminate Requires staking  
Height 2m Plant 50cm apart

**Colonial**..... **FFK**  
**AUSSIE TOM**  
A simple cross of Break O Day and Rouge de Marmande offering great flavour, disease resistance and productivity across a broad climate range including Tasmania. Fruit is relatively small but the plants are very productive.  
Indeterminate Requires staking  
Height 2m Plant 50cm apart

**Es 58** ..... **FFK**  
**AUSSIE TOM**  
Victorian Department of Agriculture breeding. A genuine 'South Australian' style with medium/large flat, ribbed fruit on bushy plants. Ideal for cool conditions.  
Determinate No staking required  
Height 50cm - 1m Plant 50cm apart

**Green Zebra** ..... **FFK**  
**MODERN HERITAGE**  
The result of breeding 4 heirloom varieties, Green Zebra yields rich, yellow-green, medium sized fruit with distinctive darker green stripes. The flesh is lime to emerald in colour; the texture of the flesh is creamy and the flavour tangy Green Zebra produces a heavy crop and is also low in acid. A great tomato for adding some zing to that tired old salad.  
Indeterminate Requires staking  
Height 1m Plant 40cm apart

**Grosse Lisse** ..... **TP MVG**  
**HERITAGE**  
This all time favourite tomato variety produces medium to large smooth globe shaped fruit, with excellent flavour. Grosse Lisse improved is an F1 hybrid variety noted for the abundance of fruit it produces, but requires judicious lateral pruning to encourage development of large tomatoes.  
Indeterminate Requires staking  
Height 2m Plant 50cm apart

**Health Kick** ..... **FFK**  
**HERITAGE**  
Health kick is a high yielding, vigorous tomato with sweet grape shaped tomatoes weighing approximately 125 grams each. The plum sized fruit of health kick contain 50% more of the cancer-fighting anti-oxidant, lycopene, than other tomato varieties.  
Determinate Prefers staking  
Height 2m Plant 80cm apart

**Heirloom Mix**..... **MVG**  
**HEIRLOOM**  
A selection of eight heirloom favourites combine to create a range of colour, shape, size and flavour. The blend includes Mortgage Lifter (pin), Red Brandywine, Kellogg's Beefsteak (orange), Aunt Ruby's German Green, Black Krim, Big Rainbow (bicolour) and Great White.  
Indeterminate Requires staking  
Height 2m- 2.5m Plant 60 - 70cm apart

**KY1** ..... **FFK MVG**  
**AUSSIE TOM**  
KY1 is a prolific, Australian classic, Summer to Autumn fruiting bush tomato. It produces medium sized fruit which is excellent for use in sauces, soups and preserves. Fruit holds green on the bush for a long time and makes superb chutney. Ideal for containers.  
Bush Type No staking required  
Height 1m Plant 80cm apart

**Mighty Red**..... **TP**  
**HYBRID VIGOUR**  
A F1 hybrid that produces large globe shaped fruit. The tomatoes are firm fleshed with excellent flavour. Fertile with high potassium fertiliser when flowering and fruiting. Keep plants moist while fruit is developing.  
Indeterminate Requires staking  
Height 2m Plant 1m apart

**Mortgage Lifter**..... **FFK**  
**HEIRLOOM**  
Bred by 'Radiator Charlie' (M.C.Byles) in the 1930's, these meaty mild flavoured tomatoes with few seeds are said to have helped Charlie pay off his mortgage; they were so popular. The fruit is pinkish-red, slightly flattened globe shape and ranges from 250 -1500 grams in weight. Some tomato! It is said they make the perfect tomato sandwich.  
Indeterminate Requires staking  
Height 2 - 3m Plant 1m apart

**Mr Ugly** ..... **FFK**  
**HYBRID VIGOUR**  
A fantastic tomato for all gardeners to grow because although he is ugly, he's also a very strong, top-performing variety that rewards efforts with a big, bold tomato taste.  
Indeterminate Requires staking  
Height 1.6m Plant 60cm apart

**Oxheart**..... **MVG**  
**HERITAGE**  
Large heart-shaped, red fruit full of sweet, juicy flavour and low in acid. Ideal for use in sauces, preserves, soups and casseroles.  
Indeterminate Requires staking  
Height 2m Plant 50cm apart

**Patio Roma** ..... **FFK**  
**HYBRID VIGOUR**  
A vigorous compact plant that looks as good as its freshly picked fruit tastes. Good yields of tasty bright red pear shaped tomatoes with excellent shelf life. Grow in containers for fresh Tomatoes in easy reach.  
Bush Type No staking required  
Height .5m to 1m Plant 30cm apart

**Principe Borghese**..... **FFK**  
**HEIRLOOM**  
A popular, early maturing heirloom variety, Principe Borghese bears oval shaped, red fruit, 30-40mm in size, with very meaty flesh. The fruit holds well on the bush. In Italy Principe Borghese is used extensively for sun drying.  
Indeterminate Requires staking  
Height 1.5m Plant 40cm apart

**Riesentraube**..... **FFK**  
**HEIRLOOM**  
Germany. Dates back to the 1850's. The name translates as giant grapes because of the huge 'bunches' of 20-40cm cherry type fruit. Riesentraube tomatoes are pear shaped and have a rich, low acid flavour. Ideal for cool climate cultures including Tasmania.  
Indeterminate Requires staking  
Height 2.5m Plant 50cm apart

**Roma**..... **TP MVG**  
**HERITAGE**  
Highly popular, long, oval-shaped red fruit is extremely popular and s very low in seeds. Perfect for pastes and sauces, pizza, pasta and casseroles.  
Determinate Requires staking  
Height 1m - 1.5m Plant 50cm apart

**Rouge De Marmande**..... **TP MVG**  
**HERITAGE**  
Large, flat irregular shaped fruit with fantastic flavour. Rouge De Marmande is a tried and true favourite, perfect for sauces, soups, stuffing, roasting and frying.  
Indeterminate Requires staking  
Height 2m Plant 75cm apart

**Stupice**..... **FFK**  
**HEIRLOOM**  
A cold tolerant red heirloom tomato from Czechoslovakia. Stupice always performs well in taste testing trials. It is a prolific variety producing round, red, mid-sized fruit very early.  
Indeterminate Requires staking  
Height 2.5m Plant 1m apart

**Sweet Bite** ..... **TP MVG**  
**HYBRID**  
A cherry tomato bearing masses of sweet and juicy 2.5cm fruit on trusses. Makes a great snack or use in salads.  
Indeterminate Requires staking  
Height 2m Plant 50cm apart

**Tiny Tim**..... **TP MVG**  
**HEIRLOOM**  
An abundant supply of tiny, full-flavoured bright red fruit on vigorous bushy plants. Ideal for baskets and pots in size restricted gardens and also a great variety for the vegetable garden.  
Determinate No staking required  
Height .5m Plant 75cm apart

**Tommy Toe**..... **FFK**  
**HEIRLOOM**  
An extremely popular tall variety bearing small size cherry shaped fruit 20-40mm that form clusters. Tommy Toe has good old fashioned flavour and is long cropping. It also has great disease resistance qualities.  
Indeterminate Requires staking  
Height 2 - 2.5m Plant 50cm apart

**Tumbling Tom Red**..... **FFK**  
**HYBRID**  
Ideal for hanging baskets or containers, Tumbling Tom tomatoes have a cascading, even branching habit. Producing high yields of deliciously sweet red fruit up to 4cm, Tumbling Tom Red is great in salads, sandwiches or even as a fruit on its own.  
Indeterminate No staking required  
Height 30cm Spread 30 - 40cm

**Tumbling Tom Yellow** ..... **FFK**  
**HYBRID**  
Perfect for hanging baskets or containers, Tumbling Tom Yellow has even branching with a trailing habit. An abundance of sweet, juicy yellow fruit up to 4cm, makes Tumbling Tom Yellow perfect for adding colour and flavour to salads and summer dishes.  
Indeterminate No staking required  
Height 30cm Spread 30 - 40cm

**Yellow Grape**..... **TP**  
**HEIRLOOM**  
A great variety for children with a mild, low acid flavour and they are so vigorous they can be trellised. They are very prolific, producing masses of fruit from 70-75 days after planting. They require plenty of fertiliser. Tomatoes produce their best crops when grown in full sun, but they do require frost protection.  
Indeterminate Requires staking  
Height 2m Plant 60-90cm apart
