Apollo (improved)..... HYBRID VIGOUR
 An early season tomato, producing high yields of round, tasty, medium to large fruit over a long period, makes Apollo Improved a popular hybrid variety for the home gardener.
Indeterminate Requires staking
 Height 2m Plant 50cm apart **FFK GFT**

NEW

Baby Plum..... HYBRID VIGOUR
 This truss tomato has the most intensely sweet flavour and juicy flesh, with an elongated shape and deep colour. Ideal for salads or cooking they also make a great snack.
Indeterminate Requires staking
 Height 2m Plant 50cm apart **FFK**

NEW

Big Beef (Yates)..... HYBRID VIGOUR
 Award winning hybrid variety. Large and juicy with old-fashioned beefsteak flavour. Long season, heavy yields, superior disease resistance. Excellent slicing tomato for sandwiches and burgers.
Indeterminate Requires staking
 Height 2m Plant 50cm apart **FFK**

Black Russian..... HEIRLOOM
 An heirloom variety, that is a must for black tomato fans with its complex flavour, sweet and spicy with smoky undertones. Drying the fruit enhances the flavour. The fruit is large, round and smooth and almost mahogany in colour. Black Russian is an open, pollinated variety with good disease resistance, is early to mature and a heavy cropper.
Indeterminate Requires staking
 Height 2m Space 50cm - 1m apart **FFK**

Burnley Surecrop..... AUSSIE TOM
 A tall vigorous tomato that produces medium sized, round fruit. Disease resistant. Ideal to use in salads, hot dishes, soups, preserving and sauces.
Indeterminate Requires staking
 Height 2.5m Plant 50cm apart **FFK**

Cherokee Purple..... HEIRLOOM
 The fruit is so dark, they call it 'black'. Big fruit with a big, complex and rich flavour. Reputed to have been a gift from Cherokee Indians in the USA in the late 1800's. Late maturing.
Indeterminate Requires staking
 Height 2.5m Plant 50cm apart **FFK**

Cherry Mix..... HERITAGE
 Colourful selection of plant varieties bearing red, orange and yellow cherry sized fruit. A tasty addition to salads, just the right size for canapes or a treat for children as a snack.
Indeterminate Requires staking
 Height 2m Plant 50cm apart **MVG**

NEW

Golden Girl..... HEIRLOOM
 Dating back to the 1920's that's rumoured to have won 1st Place at the Chicago Fair 10 years in a row. Fruits are golden yellow to deep orange, globe shaped and meaty. The perfect balance of acid and sugars gives it a sweet, yet tangy flavour.
Indeterminate Requires staking
 Height 2m Plant 50cm apart **FFK**

Green Zebra..... MODERN HERITAGE
 The result of breeding 4 heirloom varieties, Green Zebra yields rich, yellow-green, medium sized fruit with distinctive darker green stripes. The flesh is lime to emerald in colour; the texture of the flesh is creamy and the flavour tangy. Green Zebra produces a heavy crop and is also low in acid. A great tomato for adding some zing to that tired old salad.
Indeterminate Requires staking
 Height 1m Plant 40cm apart **FFK**

Grosse Lisse..... HERITAGE
 This all time favourite tomato variety produces medium to large smooth globe shaped fruit, with excellent flavour. Grosse Lisse improved is an F1 hybrid variety noted for the abundance of fruit it produces, but requires judicious lateral pruning to encourage development of large tomatoes.
Indeterminate Requires staking
 Height 2m Plant 50cm apart **FFK GFT MVG**

Health Kick..... HERITAGE
 Health Kick is a high yielding, vigorous tomato with sweet grape shaped tomatoes weighing approx. 125 grams each. The plum sized fruit of Health Kick contain 50% more of the cancer-fighting anti-oxidant lycopene, than other tomato varieties.
Determinate Prefers staking
 Height 2m Plant 80cm apart **FFK**

Heirloom Mix..... HEIRLOOM
 A selection of eight heirloom favourites combine to create a range of colour, shape, size and flavour. The blend includes Mortgage Lifter (pin), Red Brandywine, Kellogg's Beefsteak (orange), Auntie Ruby's German Green, Black Krim, Big Rainbow (bicolour) and Great White.
Indeterminate Requires staking
 Height 2m- 2.5m Plant 60 - 70cm apart **MVG**

KY1..... AUSSIE TOM
 KY1 is a prolific, Australian classic, Summer to Autumn fruiting bush tomato. It produces medium sized fruit which is excellent for use in sauces, soups and preserves. Fruit holds green on the bush for a long time and makes superb chutney. Ideal for containers.
Bush Type No staking required
 Height 1m Plant 80cm apart **FFK MVG**

Mighty Red..... HYBRID VIGOUR
 An F1 hybrid that produces large globe shaped fruit. The tomatoes are firm fleshed with excellent flavour. Fertile with high potassium fertiliser when flowering and fruiting. Keep plants moist while fruit is developing.
Indeterminate Requires staking
 Height 2m Plant 1m apart **FFK**

Mortgage Lifter..... HEIRLOOM
 Bred by 'Radiator Charlie' (M.C.Byles) in the 1930's, these meaty mild flavoured tomatoes with few seeds are said to have helped Charlie pay off his mortgage; they were so popular. The fruit is pinkish-red, slightly flattened globe shape and ranges from 250 -1500 grams in weight. Some tomato! It is said they make the perfect tomato sandwich.
Indeterminate Requires staking
 Height 2 - 3m Plant 1m apart **FFK**

Mr Ugly..... HYBRID VIGOUR
 A fantastic tomato for all gardeners to grow because although he is ugly, he's also a very strong, top-performing variety that rewards efforts with a big, bold tomato taste.
Indeterminate Requires staking
 Height 1.6m Plant 60cm apart **FFK**

NEW

Tumblin' Tiger..... HYBRID VIGOUR
 Tumblin' Tiger produces prolific crops of up to 300 fruits per plant. The striped, plum shaped tomatoes have a delicious, juicy flavour - perfect for snacking on! This British bred cherry tomato has a neat, compact bush habit making it ideal for a pot on the windowsill, or a basket or container, where it takes on a gentle trailing habit.
Determinate No staking required
 Height 30cm Spread 45cm **FFK**

Tumbling Tom Red..... HYBRID VIGOUR
 Ideal for hanging baskets or containers, Tumbling Tom's have a cascading, even branching habit. Producing high yields of deliciously sweet red fruit up to 4cm, Tumbling Tom Red is great in salads, sandwiches or even as a fruit on its own.
Indeterminate No staking required
 Height 30cm Spread 30 - 40cm **FFK**

Tumbling Tom Yellow..... HYBRID VIGOUR
 Perfect for hanging baskets or containers, Tumbling Tom Yellow has even branching with a trailing habit. An abundance of sweet, juicy yellow fruit up to 4cm, makes Tumbling Tom Yellow perfect for adding colour and flavour to salads and summer dishes.
Indeterminate No staking required
 Height 30cm Spread 30 - 40cm **FFK**

Yellow Pear..... HEIRLOOM
 A great variety for children with a mild, low acid flavour and they are so vigorous they can be trellised. They are very prolific, producing masses of fruit from 70-75 days after planting. They require plenty of fertiliser. Tomatoes produce their best crops when grown in full sun, but they do require frost protection.
Indeterminate Requires staking
 Height 2m Plant 60-90cm apart **FFK**
